I want to express my appreciation for the 1147 votes I received in the first primary. The opponent closest to me only had 362 votes.

I sincerely solicit your vote and support in the second primary which will be on August 25. Remember: THE FUTURE OF YOUR COUNTY DEPENDS ON YOUR SELECTION OF ITS OFFICIALS.

THINK CAREFULLY — SELECT WISELY

R. G. 'Manny' Hubbard

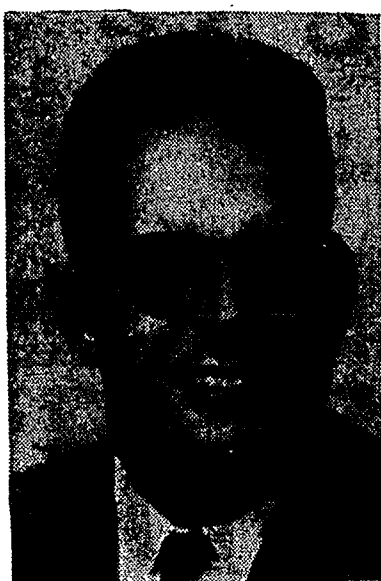

THANKS AGAIN...

I want to take this opportunity to thank all of the voters of Hancock County who made me the leading candidate in Tuesday's Primary election, for the office of Sheriff and Tax-Collector.

With your help and cooperation, I will enter the Second Primary with the hope of serving you for the next four years. I want to assure you once again, that I will not let you down on anything I have promised if you see fit to elect me your Sheriff, on August 25th.

Sincerely,

Gerald V. Price, Sr.

THANKS

I take this means to express my sincere thanks and appreciation for the splendid vote you people of Hancock County gave me in the First Primary election on Tuesday, which makes it possible for me to enter the Second Primary on August 25th as a candidate for the office of Sheriff and Tax-Collector. I sincerely hope you will see fit to support me again then and elect me to serve you for the next four years.

Gratefully,

Fred Curet, Jr.

Attention: Residents of Hancock County

The Industrial Development Committee of the Chamber of Commerce has been working very diligently to bring industry into our County. We have learned that, before industry will come into a community, there are certain requirements that are necessary:

No. 1 - An Industrial Survey

No. 2 - A Labor Survey

We have been compiling data for this Industrial survey, and one of its most important phases is the Labor Survey. We are mailing out a questionnaire in connection with the Labor Survey to all of the people in our County who are customers of the Coast Electric Association and the Mississippi Power Company. In this way, we feel we should reach practically every resident of the County.

If we are to bring business into Hancock County, it is absolutely essential that this Industrial Survey be made. In nine cases out of ten, manufacturing concerns which are seeking a location in the State of Mississippi will inquire directly to the Industrial Board of the State of Mississippi. Unless and until this survey is in that office, there is very little possibility of industry coming into this area. As it stands today, we are one of the few counties which has no Industrial Survey in the Office of the A. and I. Board.

You will note, in the questionnaire, that one does not have to be unemployed to complete the form. We are endeavoring to induce people, who are employed elsewhere, to come back to the community in which they were reared, and work provided salaries and working conditions were satisfactory.

The following members of the Industrial Development Committee are very anxious to complete this Survey as they have been working very diligently toward accomplishing this end:

A. G. DANTAGNAN, Chairman
LEO SEAL, JR.
H. C. BERCKES
NORTON HAAS, JR.
E. M. BRONK
JOHN J. McDONALD
HARDIN SHATTUCK

Your cooperation will be greatly appreciated.

County Agents' Notes

By HOWARD SIMMONS, County Agent

USE CREDIT CAREFULLY

Credit is not a substitute for income. Use credit to buy consumer goods only when some income is reasonably certain. Plan your needs. Farm and home needs tend to overlap, so it is important for the family to plan together for their needs. Agree among yourselves on how and where credit should be used. According to economists, the wise use of credit can help you attain a desirable standard of living. Poor use of credit often results in much unhappiness. There is a big difference in credit used for farm purposes and credit used for consumption. Farm credit helps produce an income in excess of the amount borrowed; consumer credit is spending your income before you get it.

"Darby O'Gill and the Little People" at Legion Theatre Wed. Thru Sat.

Walt Disney is part Irish, but never takes any Irish in making a picture about him. "Darby O'Gill and the Little People" is the story of an Irish boy who takes a little Irish boy to his own and comes off a bad second, but is not at all to blame for the trouble the O'Gills get into.

"Darby O'Gill and the Little People," in color, by Technicolor, stars Shirley, Miss Munro, Connery and Jimmy O'Dea. Released by Buena Vista.

Sharpe created the famous "Finnian" role on Broadway. Walt brought him out of retirement in Belfast for the title role, the biggest assignment in the actor's 68 years of making people laugh.

Janet, pretty, petite Gaelic beauty, was making a name for herself both in English television and motion pictures last year when Disney heard of her, interviewed her in London, and not only hired her for "Darby" but for five years.

Connery, another fast-rising British star, in the romantic lead opposite Janet; Kieron Moore, a young man from County Cork who plays the heavy; well-known Irish character players like Dennis O'Dea, Farrell Pelly, J. G. Devlin, Nora O'Mahony, Jack MacGowan.
